- Certified as Venture business
- Started construction of new factory in Gimpo, Gyeonggi province

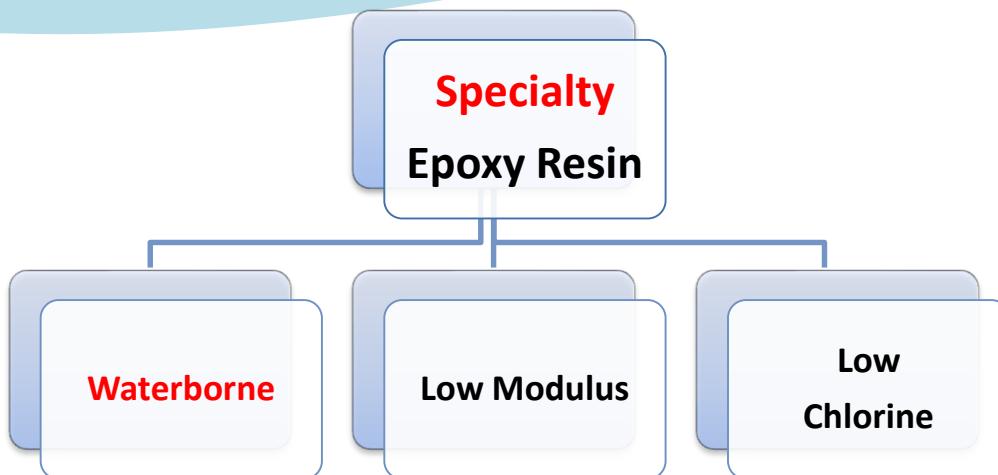

### 2016 -

- Establishment of New Office & Factory in Gimpo, Gyeonggi province
- Certified as Enterprise specializing in parts materials
- Certified patent as superb chemical resistance epoxy hardener

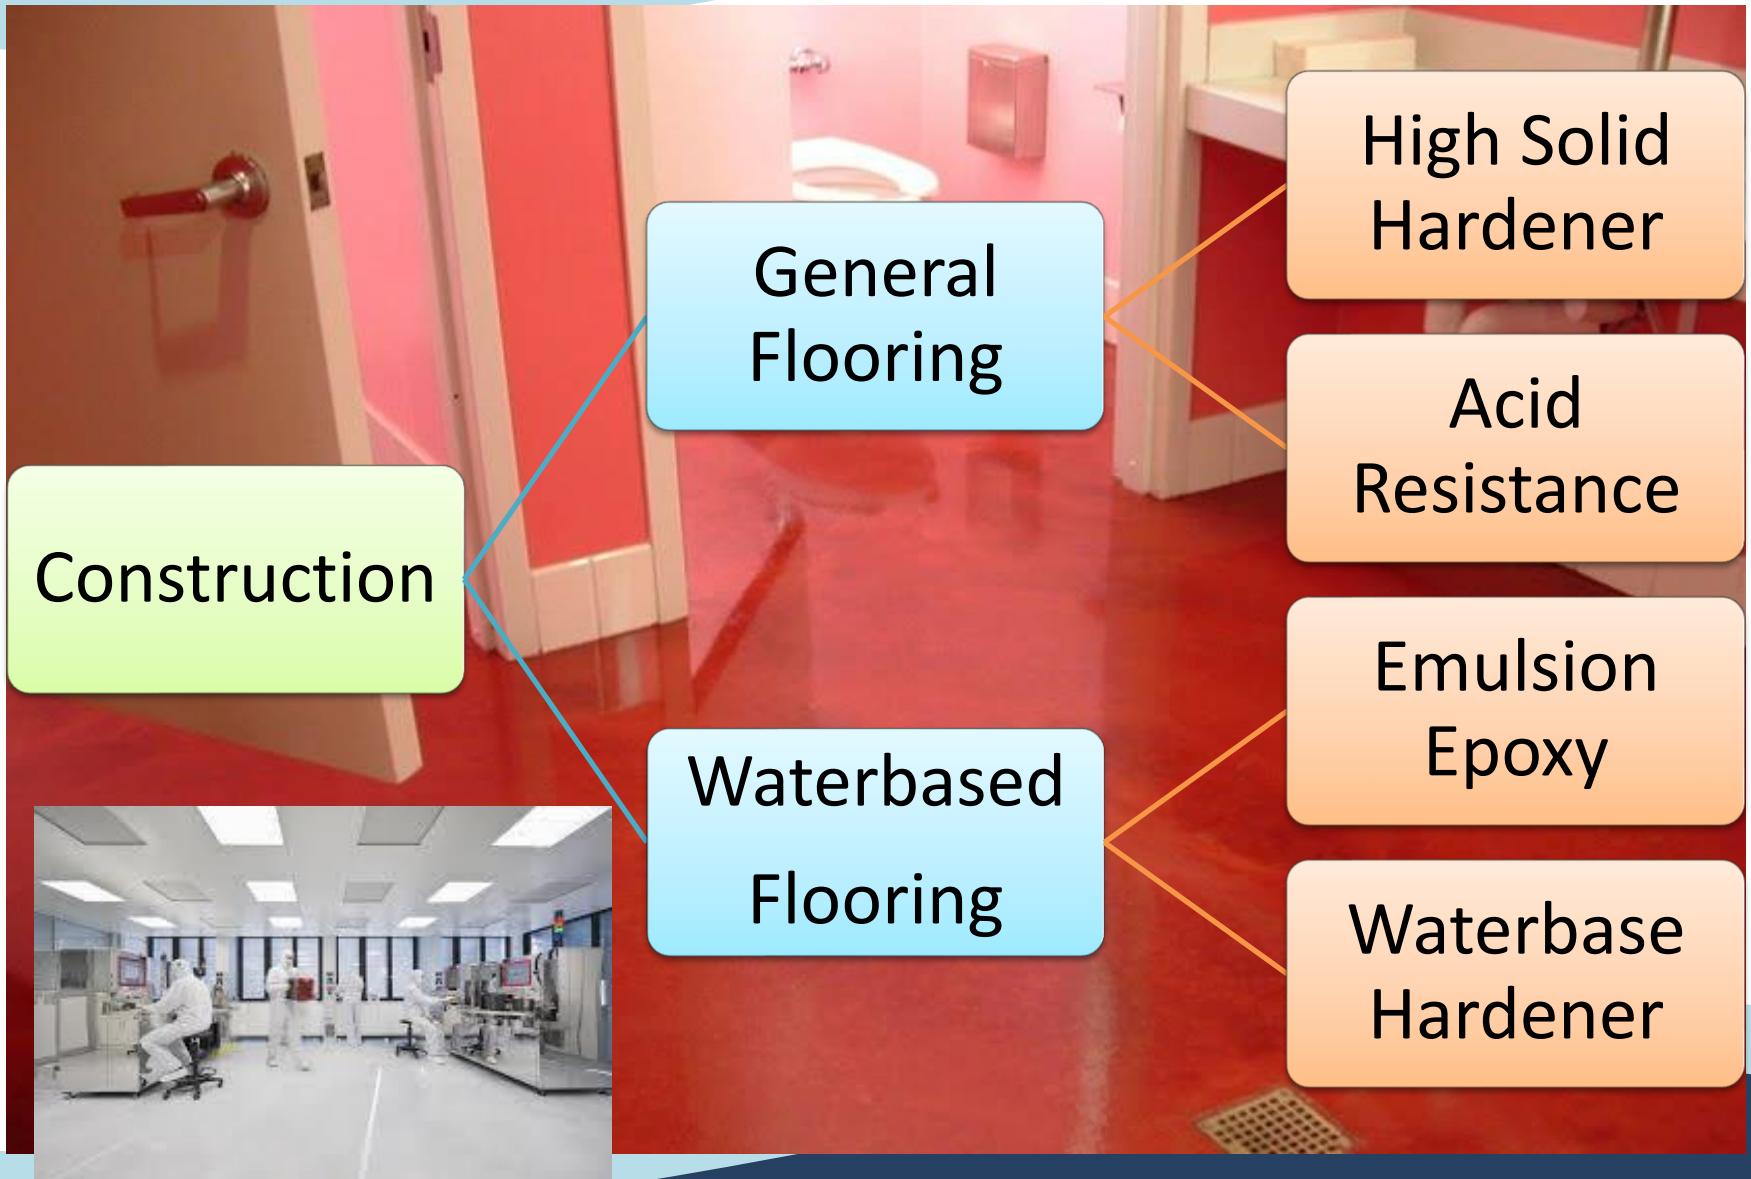

## 2. Business Scope

- 1) Manufacturing
- 2) Application
- 3) Trade

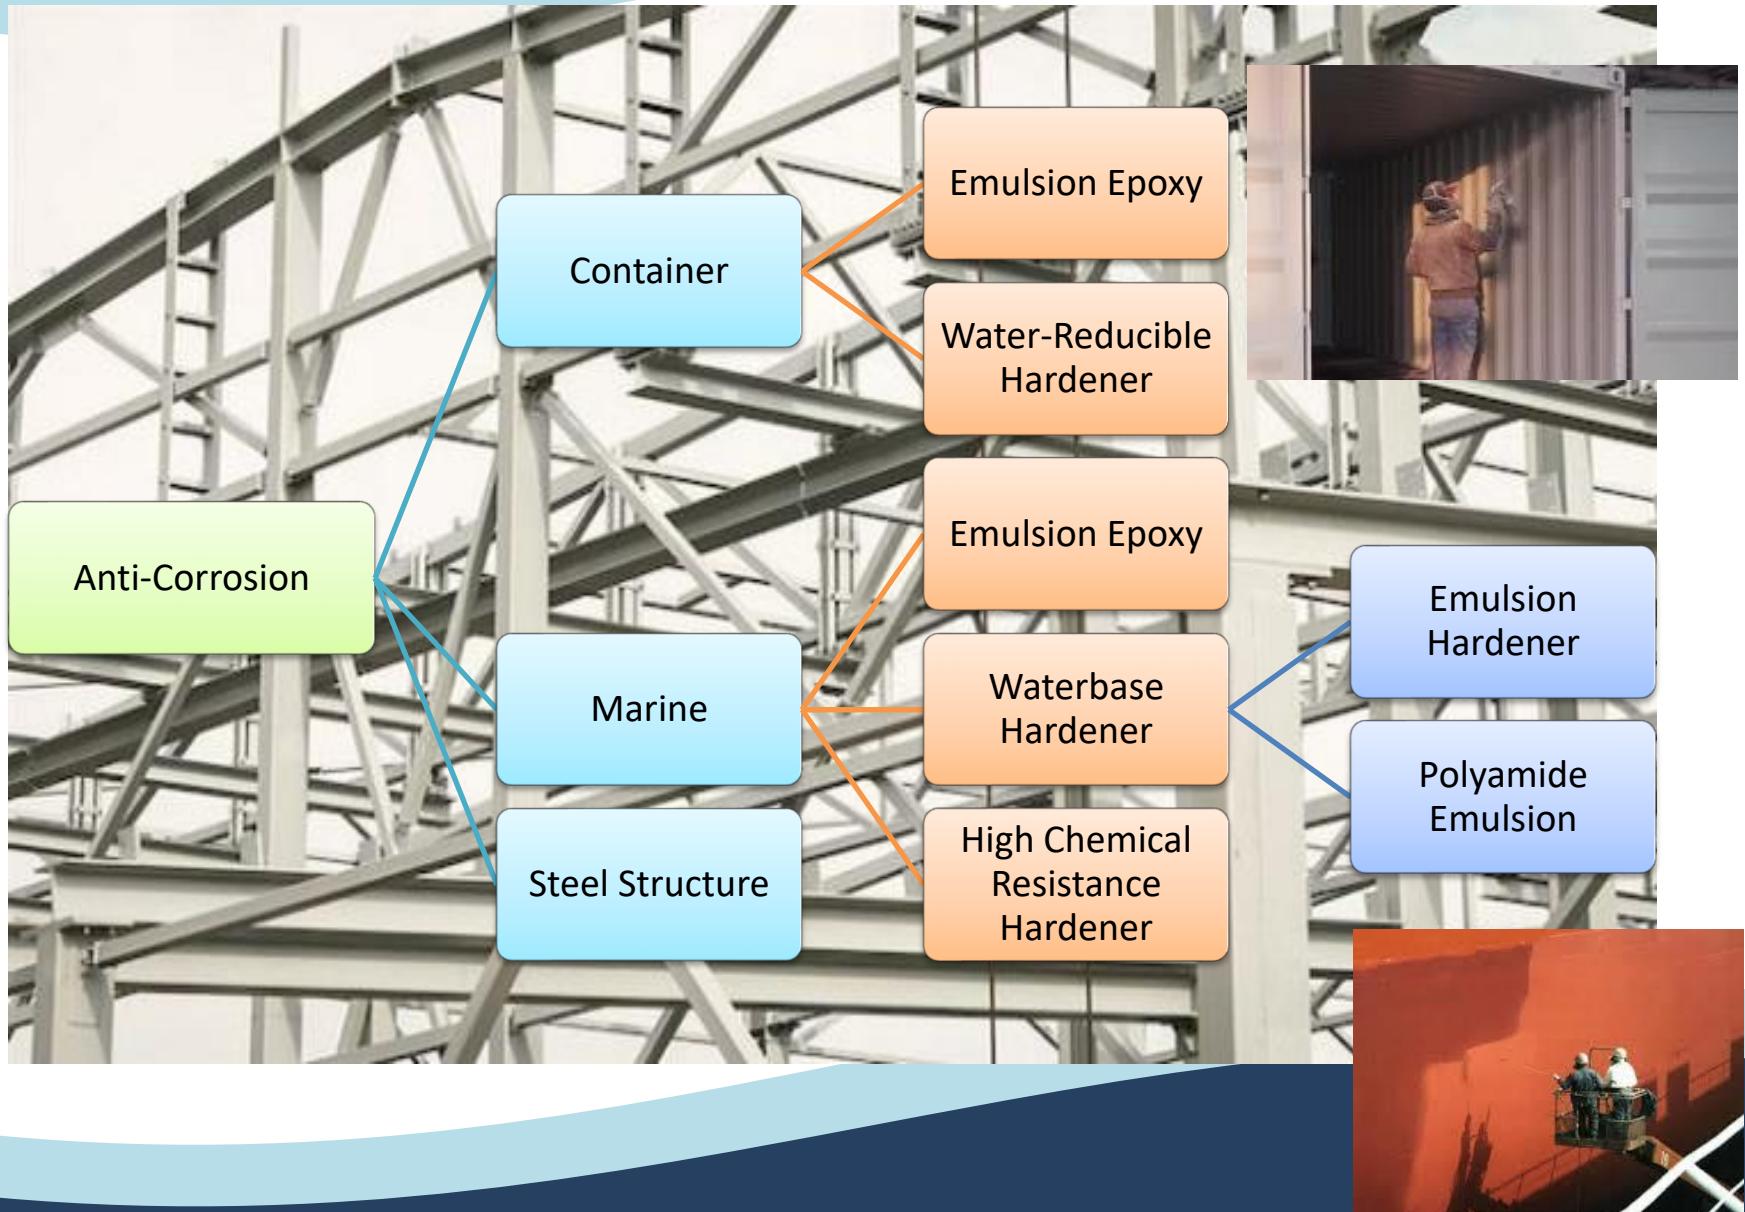

# 1) Manufacturing

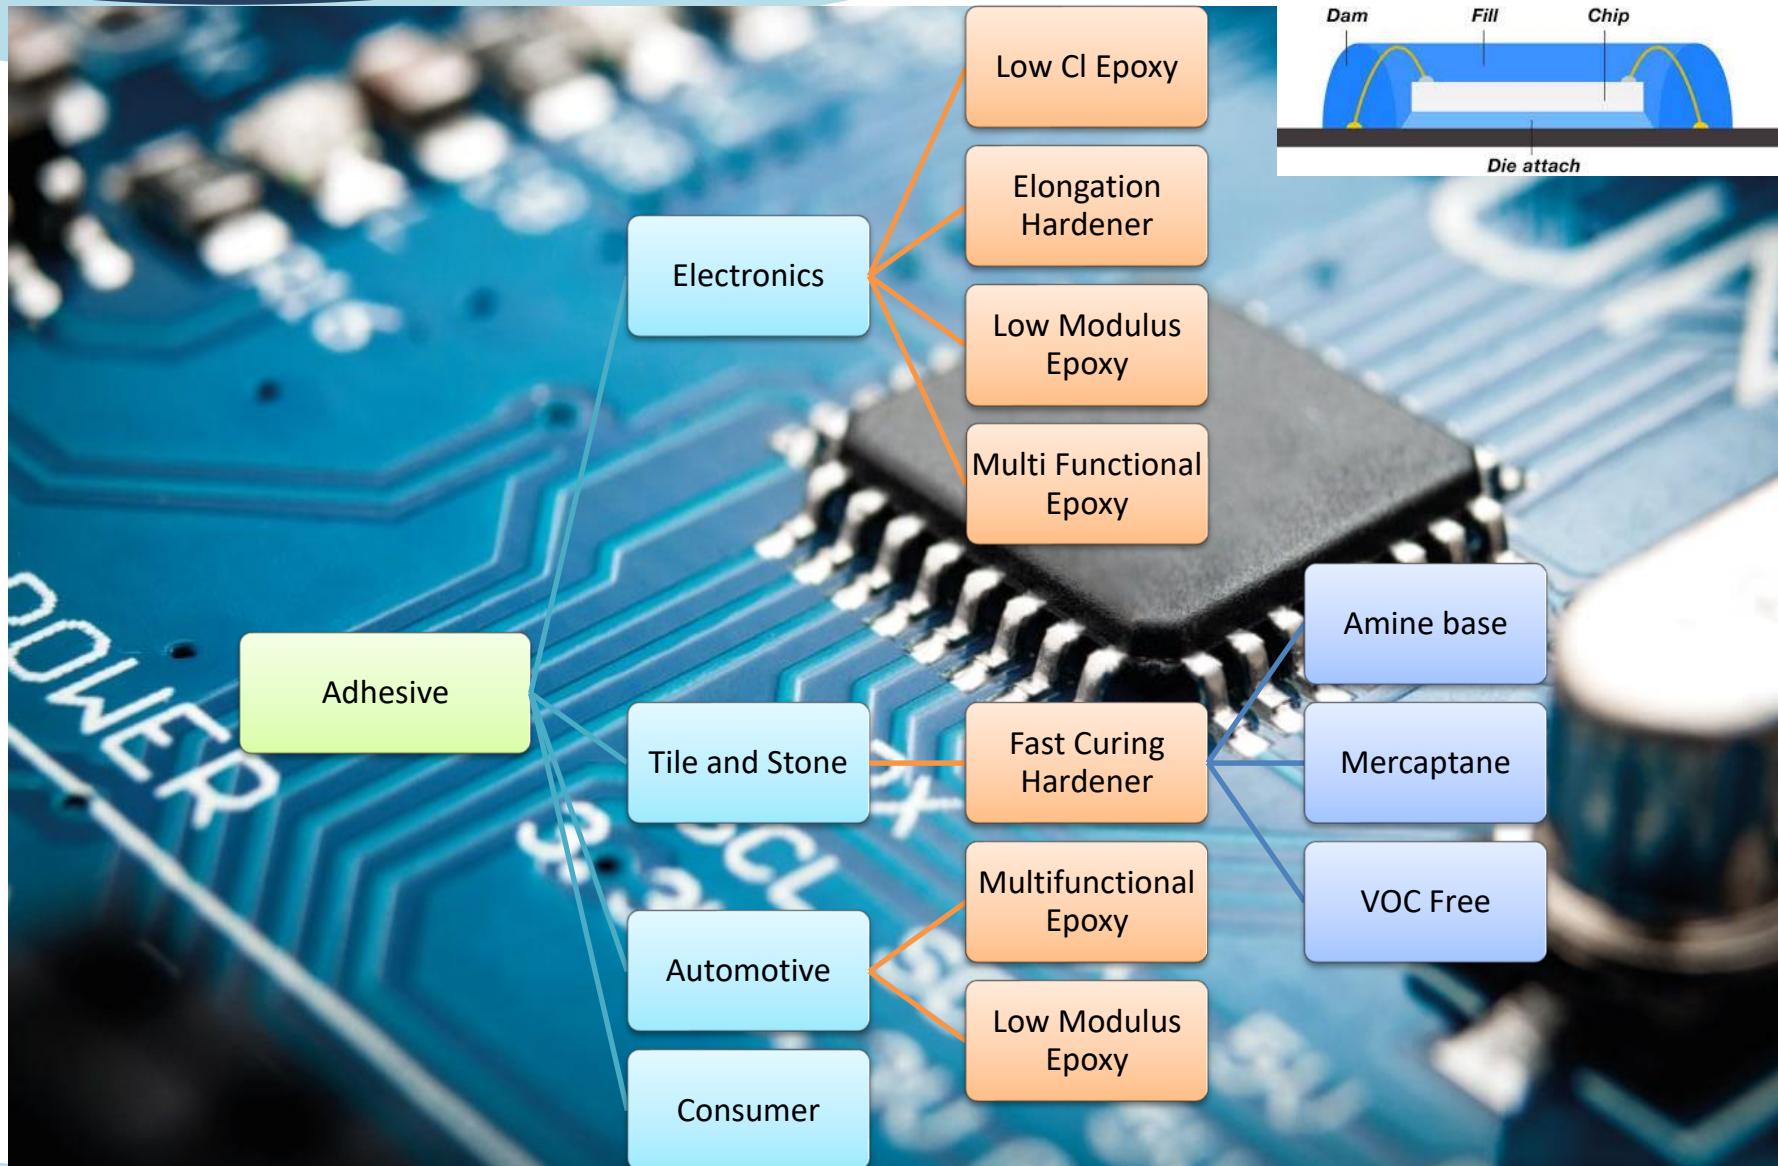

## 2) Application - Construction

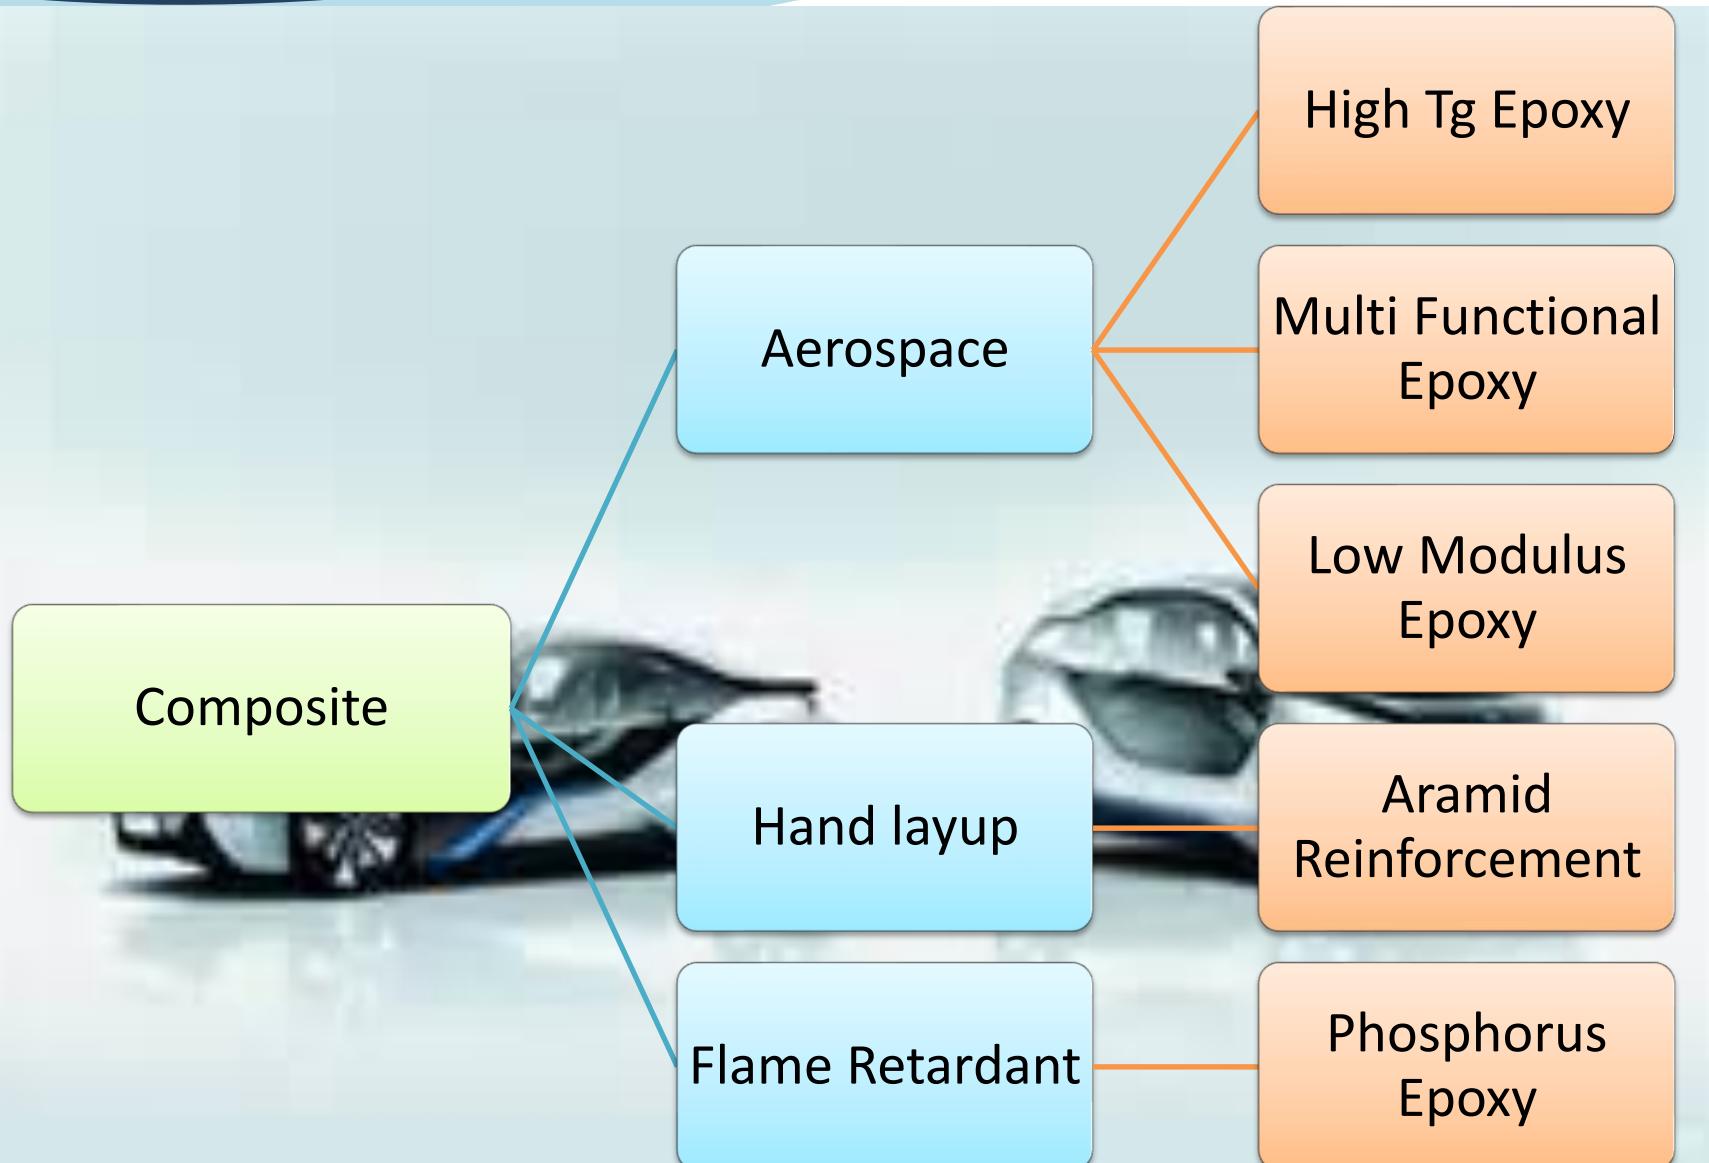

## 2) Application – Anti Corrosion

## 2) Application - Adhesive

## 2) Application - Composite

### 3) Trade

#### **Global Partner for Specialty Chemical**

Itochu corporation

Mitsui fine Chemical

New Japan Chemical

Delamine

Invista

Croda

Sakamoto Yakuhin

Toray Fine Chemical

#### **Acid Anhydride Curing Agent**

Shandong Qingyang (MTHPA, MHHPA, HHPA)

#### **Rubber Compound**

LCY Chemical Corp.

### 3. Why GLK Global

#### **Advanced technology**

Coming true imaginary products  
Distinctive performance

#### **Strong R&D**

Frontier  
Excellent consulting  
R&D cooperation for customer's needs
